Dear Mr. Campbell:

I am very pleased to announce that the University of Washington Fall Quarter grades were released and the Beta Omega chapter of Beta Theta Pi was ranked first out of 30 chapters with a 3.37 average. They are currently well above the all fraternity average of 3.18, and just above the all sorority average of 3.33.

I hope that you are very proud of your chapter's academic achievements at the University of Washington campus. They continue to be represented on IFC and take an active role in furthering the relationship between the University and the Greek community, whether through lively dialogue or offering their chapter house as a meeting place. I look forward to continuing to work with a talented pool of bright young men who are driven to excel academically, as well as throughout the Greek community. If there is ever anything I can do to help further their success, please do not hesitate to let me know.

Fraternally,
